What is The First Tee?

The First Tee Mission

To impact the lives of young people in the Central Savannah River Area by providing learning facilities and educational programs that promote character development and life-enhancing values through the game of golf, and to provide an affordable and accessible golf facility, primarily to serve those who have not previously had exposure to the game and its positive values.

About The First Tee®

The First Tee was created in 1997 to introduce young people of all backgrounds to the game of golf and the life lesson it teaches. Through The First Tee Life Skills Experience™, a curriculum for teaching character education through specific life skills, children and teenagers around the world discover how the skills essential to success on the golf course can

help them flourish in life. These skills include self-management, interpersonal communication, goal-setting, mentoring and effective conflict resolution. The Life Skills Experience sets the First Tee apart from other junior golf programs and youth initiatives, and ultimately hopes to instill in participants The First Tee Nine Core Values™: honesty, integrity, sportsmanship, respect, courtesy, judgment, confidence, responsibility, and perseverance.

About The First Tee Nine Core Values™

Golf is an ideal context for acquiring The First Tee Nine Core Values, because it is a voluntary activity that provides challenges, requires commitment and effort over time, and has clear rules. First Tee Life Skills Experience creates a youth-centered, mastery driven climate in which young people are empowered to explore options and make decisions, two elements that are critical to the development of a child's value system.

About First Tee- Aiken

First Tee -Aiken was established in August 2009, and is a locally owned and operated nonprofit organization. First Tee -Aiken is located at 901 Houndslake Drive. First Tee -Aiken features a 9-hole course rotating with the three available, practice range, putting green, clubhouse/ teaching facility, concession area and PGA Professionals. Enrolled students receive quality life skills and golf instruction, discounted green fees and range balls, free use of equipment if necessary, supervised practice privileges and more. No student or group will be turned away based on their inability to pay.
